

How to participate in the security token offerings on DESICO: 3 simple steps

The wait is over — you can now acquire tokenized securities of the company of your choice! Below you will find the complete guide on how to buy securities in three simple steps.

If you haven't already, you will need it to register for the crowdsale — the process will include Know-Your-Customer and Anti-Money Laundering (KYC/AML) procedures as legal requirements.

If you already registered, you will be able to log in using your email and password and continue your purchase without re-doing the registration procedure.

STEP 1 — REGISTER FOR SECURITY TOKEN OFFERING BY PASSING KYC

Begin your registration process on the chosen token offering registration page. The first step you need to take is to create your account. **If you have already registered, log in with your email and password and skip to STEP 2.**

STAY SAFE: Create a strong password you do not use anywhere else. Do not disclose your password to anyone. Team members will never ask you for your password or offer you tokens at a discounted rate. Please report to us via email hello@desico.io if you receive any offers of this nature.

After creating your account, we will ask you to answer a few mandatory questions we are required to ask by the regulator.

KYC

Identify yourself following the instructions on the screen. Make sure you are in a well-lit room or any other place with plenty of light. The image quality is crucial for the success of the KYC procedure. As practice shows, 99 percent of KYC procedures fail due to poor face and/or document image quality.

You will see a display of your face on the screen. The system will want to take three pictures:

1. Your face;
2. The front of your ID;
3. The back of your ID.

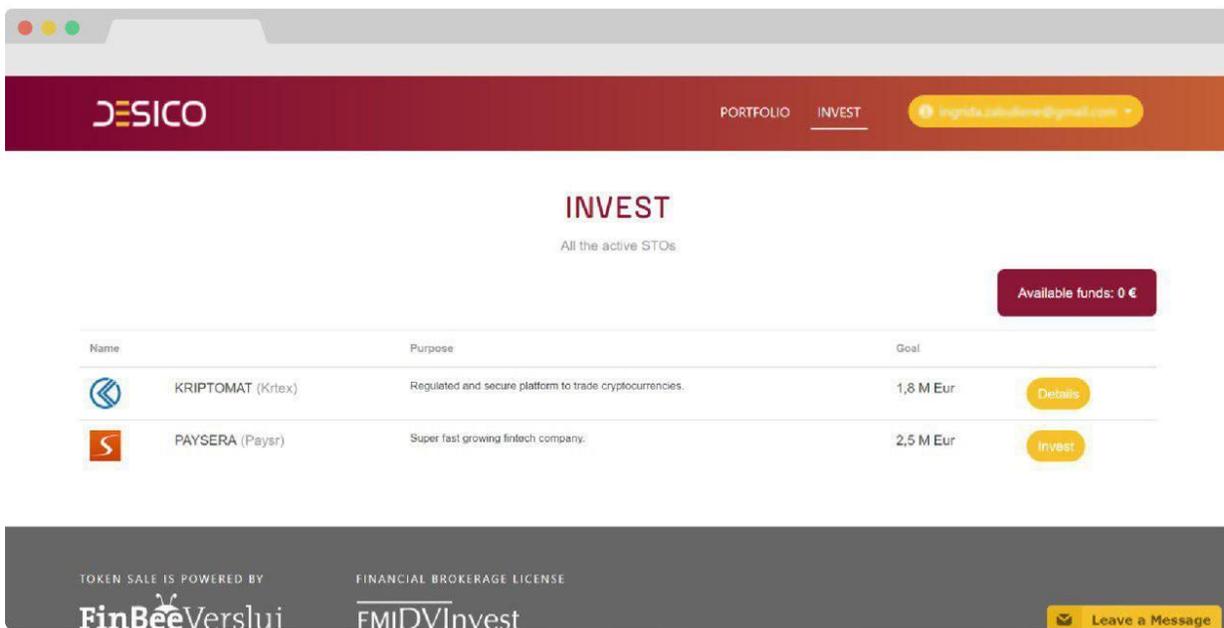

PS: If you choose to use your Passport, you will also be asked to take a picture of the cover of the passport.

STEP 3 — MAKE A PAYMENT

After you've finished the MiFID (appropriateness) questionnaire and are acquainted with the risks, you are ready to buy tokenized securities of your chosen company. On the main screen of your dashboard, you will see the list of companies whose securities you can buy.

The active sale of the company will have an **INVEST** button next to it, and the company that will open its STO in the future will have the **DETAILS** button, so you could read more about the company and download the Offering Document.

Press the **INVEST** button to proceed.

The screenshot shows the JESICO investment dashboard. The header includes the JESICO logo, navigation links for PORTFOLIO and INVEST, and a user profile dropdown for 'logista.vandoren@gmail.com'. The main content area is titled 'INVEST' and 'All the active STOs'. A dark red box indicates 'Available funds: 0 €'. Below this is a table listing two active STOs:

Name	Purpose	Goal	Action
 KRIPTOMAT (Krtex)	Regulated and secure platform to trade cryptocurrencies.	1,8 M Eur	Details
 PAYSERA (Paysr)	Super fast growing fintech company.	2,5 M Eur	Invest

The footer contains the text 'TOKEN SALE IS POWERED BY' and 'FINANCIAL BROKERAGE LICENSE', along with logos for FinBeeVerslui and FMI DV Invest, and a 'Leave a Message' button.

Please ensure that you have carefully read the risks and fully read and accepted the terms of the offering before proceeding. We would also like to remind you that you should make all investment decisions with care. The reception and transmission of orders are made by UAB Finansų bitė verslui. Investment brokerage firm FMI DV INVEST is responsible for the execution of this order and opening an account for financial instruments.

Choose your preferred payment method to acquire security tokens. You can only use euros to acquire security tokens. However, if you possess any other fiat or cryptocurrencies, there will be options to convert them into euros and complete the purchase.

You can choose one of three possible payment methods:

Desico team is informed that you passed necessary procedure to purchase PAYSERA tokens. Now, you have to transfer funds to our financial brokerage firm UAB FMI DV Invest.

Please choose your preferred payment method.

Bank Transfer E-banking Cryptocurrency

You can acquire PAYSERA tokens via bank transfer. To do that, make a payment to the receiver below. Afterwards, press the DONE button and you will be redirected to your dashboard. **If you choose this option, please take note that it may take up to 5 business days for your payment to be processed.**

Please make a bank transfer according to this data:

Recipient: UAB FMI DV INVEST

Recipient address: Konstitucijos ave. 23 C - 617, LT-08105

Bank Transfer

You can acquire DESI tokens via bank transfer. To do that, make a payment to the account of the receiver, UAB FMI DV Invest. You will be provided with the account number in IBAN format. Afterward, press the **DONE** button and you will be redirected to your dashboard. If you choose this option, please take note that it may take up to five business days for your payment to be processed.

E-banking

Lithuanian community members can acquire their DESI tokens directly via e-banking. If you select this option, you will be transferred to the Mistertango payments system where you will be able to complete the transaction. If you choose this option, please take note that it may take up to 1 business day for your payment to be processed.

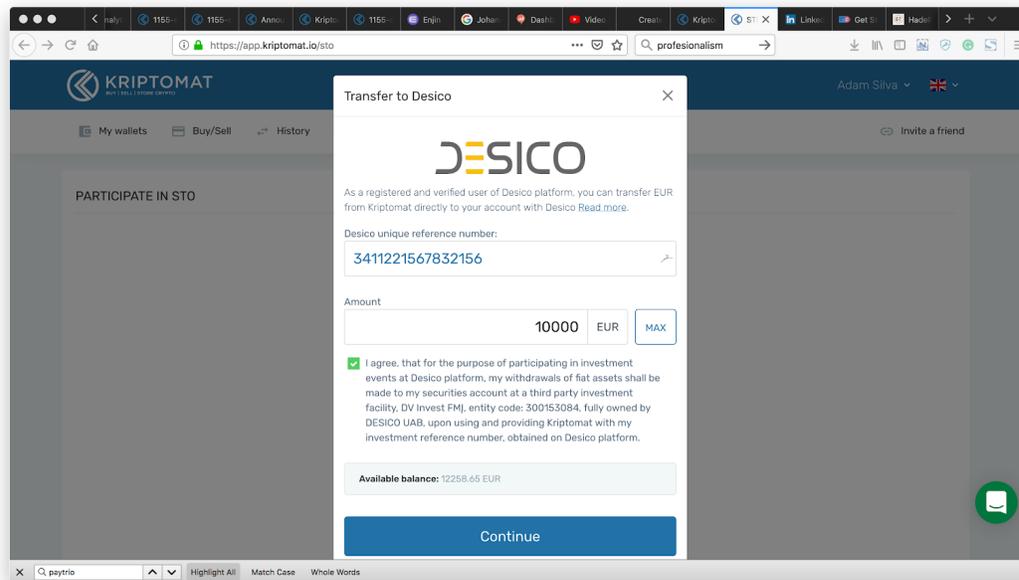

Cryptocurrency

Clients willing to pay in cryptocurrencies are advised [to open an account with Kriptomat](#), exchange cryptocurrency into EUR and make a bank transfer. Kriptomat is a trusted third party which we chose in order to make payments for securities available in cryptocurrencies.

Press the **Go to Kriptomat** button to proceed.

Open a user account on Kriptomat, deposit, and exchange one of the 29 supported cryptocurrencies into euros (EUR) and then make a direct EUR transfer from your Kriptomat account to DESICO.

ATTENTION! When entering an amount in EUR to be transferred to DESICO, please use a unique reference code from your DESICO account. **The DESICO user unique reference code is essential to make the transfer.**

Congratulations! You have bought your digital securities!

What's next?

After you have purchased tokenized securities by using any of the above payment methods, you will be redirected to your DESICO investor portfolio. Here you will be able to find how many tokens you own, and how to buy additional tokens.

Please note that after we are informed by the investment brokerage firm about the receipt of your funds, you will receive a confirmation email with information outlining the amount of DESI tokens you've purchased. This may take up to two working days.

If you have additional questions, do not hesitate to contact DESICO via email hello@desico.io or reach out to us via the Chat button from your account on DESICO.
